RIDER NON-DISCRIMINATION POLICY

As the ride-hailing app that puts people first, Fasten is committed to building an inclusive community of riders and drivers that reflects the diversity of the cities we operate in. As such, Fasten prohibits discrimination against riders or drivers on the basis of race, religion, national origin, disability, age, sex, marital status, gender identity, sexual orientation or any other characteristic protected under applicable federal or state law. Any violation of this policy may result in immediate suspension from the Fasten platform.

Refusing a rider with a service animal is a violation of our Driver Terms & Conditions and may also result in a driver's suspension from the platform.
