

Fasten Teams Up With Tasty Burger for Free Food, Discounted Rides

Boston's favorite burger and fastest-growing ride-sharing service team up for free food, discounted rides

This Summer, What's Better Than a Free Ride and a Free Burger? Nothing!

BOSTON (June 23, 2016) – Who says there's no such thing as a free lunch (or dinner or snack) – and a free ride to get there? Well, [Tasty Burger](#) and [Fasten](#) certainly don't!

A beloved neighborhood burger joint with homegrown Boston roots, Tasty Burger, is teaming up with one of the City's fastest-growing, most-highly regarded companies: Fasten, the ridesharing service that puts drivers first and charges riders less. Together, they are making this mouthwatering dream a reality.

Starting today, riders simply use the code TASTY before hailing a drive with Fasten—giving them \$20 off their first ride and a free burger from Tasty Burger.

New riders can download the Fasten app to their smart device from [Apple's App Store](#) or the [Google Play Store](#). (No app is necessary to order, consume or enjoy a delicious burger from Tasty Burger.)

Fasten differentiates itself from other ridesharing services by treating its drivers as customers, not commodities. It is the only service that charges drivers a flat fee—a reasonable \$0.99 per ride—rather than a 20-30 percent commission per ride.

“As we approach Independence Day, I have to ask: is there anything more American than the freedom to save money on a great ride to get a free burger? I think not,” said Kirill Edvakov, CEO and co-founder of Fasten. “Just as Tasty Burger is proud to offer fresh, local food at an affordable price, Fasten is proud to give its drivers a fair deal and riders an outstanding, affordable customer experience. Together, we're creating a comfortable, delicious, free opportunity that says ‘Summer is Here.’”

For a full list of rules and regulations, please visit the [Fasten blog](#). The offer is valid at any Boston-area Tasty location except the Fenway location or inside Fenway Park.
